Redland Roofing Cardiff is an independent, family-run roofing business from South Wales that has served Cardiff and South East Wales for over 30 years, and safe chimney removal is one of the services we provide from our base in Rumney, east Cardiff. Removing a chimney stack is skilled work that needs careful planning. The stack is taken down methodically, the roof is made weathertight again, and all of the waste is cleared away afterwards so you are not left to deal with the mess. Removal can make sense when a disused stack has damaged brickwork, failing flashing or persistent leaks, and repairing it would *roofers cardiff* mean ongoing cost for a chimney you no longer use. Honest advice comes first, though. If a stack can sensibly be repaired and you would rather keep it, we will tell you, and we will never push removal for the sake of it. As roofers in Cardiff, we will talk you through both options clearly. Much of central Cardiff is lined with Victorian and Edwardian terraces with chimney stacks, from Cathays and Roath to Canton, Riverside and Grangetown, and many interwar semis in Rhiwbina and Whitchurch have stacks too. Every property is different, so the work is planned around the roof, the stack and the access available. Homes in conservation areas such as Pontcanna, Llandaff and parts of Roath may need Cardiff Council consent before changes are made, and we have experience working in those areas. Our scaffolding and roofers are well coordinated, so the job runs to plan and the site is left tidy.
