Newer houses tend to give their owners a few years of peace before the roof needs attention, and much of Thornhill is made up of newer estates. Even so, modern roofs are exposed to the same driving rain, Atlantic winds and freeze-thaw cycles as any other in South Wales, and small faults can appear sooner than expected. Redland Roofing Cardiff, an independent and family-run business from South Wales, has served Cardiff and South East Wales for over 30 years and looks after homes of every age across Thornhill and the north of the city. Modern estate homes still need regular care. Ridge tiles and dry verge sit at the most exposed points of any roof, concrete tiles can slip or break, and gutters and fascias can become blocked or damaged. Flat roofs over garages and extensions are another common problem area, particularly felt coverings that have cracked or opened at the joints. Felt flat roofs generally last around 10 to 15 years, while EPDM rubber can last 25 to 30 years or more and GRP fibreglass 30 to 40 years. EPDM is a speciality of the team, making it a strong option when a Thornhill garage or extension roof ***roofers cardiff*** needs replacing. Each Thornhill job starts with an assessment. The *Learn more here* problem is explained in plain language, photos show exactly what is happening, and you receive a free, no-obligation written quote with transparent pricing and no hidden costs. Every quote is free and written down before any work starts, so there are no surprises. How can I tell a dodgy roofer from a good one? Be wary of anyone who knocks on the door uninvited, pushes for cash up front or claims the whole roof needs replacing without showing you why. A reputable Cardiff roofer will give a written quote, explain the guarantee, confirm they are insured and show you photos of the problem. Redland Roofing Cardiff do all of this as standard on every job. Who are some reputable roofers in Cardiff? Look for an established local firm with a long track record and plenty of genuine reviews. A roofer who recommends a repair rather than an unnecessary replacement is usually a good sign. What questions should I ask my roofer before work starts? Ask what exactly is wrong and how they know, what the written quote includes, how long the job will take, whether they are insured and what guarantee you get. For a full re-roof, ask how the house will be kept dry overnight. Redland Roofing Cardiff leave roofs watertight at the end of every working day and give a clear timeline before starting. How long does a roof last in Wales? Welsh rain, coastal winds and freeze-thaw cycles all shorten roof life.
