Sitting in a conservatory on a grey Cardiff afternoon, with rain drumming on the roof above, it is easy to see why the room so often ends up as the one a household uses least. Atlantic weather brings plenty of wet and windy days to the city, and an older conservatory roof can make the space feel more like an add-on than part of the home. Redland Roofing Cardiff is an independent, family-run roofing business from South Wales, serving Cardiff and South East Wales for over 30 years, and conservatory roofing is one of the services we offer from our base in Rumney, east Cardiff. Our conservatory roofing work centres on Metrotile lightweight tiled conservatory roofs. A Metrotile roof gives your conservatory a tiled finish, and as a lightweight system it is designed with conservatories in mind. The aim is a roof that looks more in keeping with the rest of your house and helps the room feel like a proper part of the home. Every property is different, so we start with a free, no-obligation assessment to look at your existing conservatory, talk through what you want from the space and give honest advice on whether an upgrade makes sense. As experienced roofers in Cardiff, we will never recommend work you do not need. Conservatories can be found right across Cardiff, from interwar semis in Rhiwbina and Whitchurch to larger detached homes in Cyncoed and Lisvane and newer estates in Pontprennau and Thornhill. Each property brings its own considerations, such as how the conservatory joins the main house and how the new roof line will look from the garden. Our written quotes set out the work clearly with transparent pricing and no hidden costs, and the guarantee terms are made clear before any work begins. Changing materials, or living in a conservation area such as Llandaff or Pontcanna, may mean Cardiff Council consent is needed, so it is worth checking early.

Be wary of anyone who knocks on the door uninvited, pushes for cash up front or claims the whole roof needs replacing without showing you why. A reputable Cardiff roofer will give a written quote, explain the guarantee, confirm they are insured and show you photos of the problem. For a full re-roof, ask how the house will be kept dry overnight. Redland Roofing Cardiff leave roofs watertight at the end of every working day and give a clear timeline before starting. How long does a roof last in Wales? Welsh rain, coastal winds and freeze-thaw cycles all shorten roof life.
