Few cities test a roof quite like Cardiff. Rain sweeps in from the Atlantic, coastal winds funnel in from the bay, and winter brings the kind of freeze and thaw that slowly works mortar loose and lifts tiles. Redland Roofing Cardiff is an independent, family-run roofing business from South Wales that has been looking after homes across the capital and South East Wales for over 30 years. From our base on Trecinon Road in Rumney, east Cardiff, we know the streets, the house types and the weather our neighbours deal with every day, and that local knowledge shapes every job we take on. Choosing between the roofers Cardiff residents can trust often comes down to honesty. Our approach is simple. We come out, assess the roof properly and tell you what is actually wrong. If a repair will do the job, we will not try to sell you a new roof. Every assessment and quote is free and carries no obligation, and our pricing is transparent with no hidden costs. Our written quotes set out the work clearly, including the guarantee terms, so you know exactly what you are getting before anyone climbs a ladder. https://fernandopges304.lakeviewbrief.com/posts/roofers-roath-cardiff-victorian-terrace-roof-specialists That covers everything from a few slipped tiles or a stubborn leak to a full roof replacement, flat roofing, chimney work, guttering and fascias. Cardiff's housing is wonderfully varied, and each area brings its own roofing quirks. Much of Roath, Cathays, Canton, Pontcanna, Splott and Grangetown is made up of Victorian and Edwardian terraces with slate roofs and chimney stacks that need careful, sympathetic work. In the north west, Rhiwbina, Whitchurch and Llandaff mix interwar semis with conservation areas, while the north east brings larger detached homes in Cyncoed and Lisvane, 1970s estates in Pentwyn and Llanedeyrn and newer estates in Pontprennau. Flat-roofed extensions, dormers and garages appear right across the city. As experienced roofers in Cardiff, we have worked on all of them, including homes in conservation areas such as Pontcanna and parts of Roath.

As a rough guide, Redland Roofing Cardiff price minor jobs such as replacing a few broken tiles from around £150 to £300, while storm damage or new flashing usually runs from £300 to £800 or more. Every quote is free and written down before any work starts, so there are no surprises. How can I tell a dodgy roofer from a good one? Be wary of anyone who knocks on the door uninvited, pushes for cash up front or claims the whole roof needs replacing without showing you why. A reputable Cardiff roofer will give a written quote, explain the guarantee, confirm they are insured and show you photos of the problem. Redland Roofing Cardiff do all of this as standard on every job. Who are some reputable roofers in Cardiff? Look for an established local firm with a long track record and plenty of genuine reviews. Redland Roofing Cardiff set out the guarantee on labour in every written quote, and materials carry manufacturer warranties where applicable. If anything isn't right after the job, the team come back and put it right. How do I know if a roofer is any good? Check recent reviews, ask how long they have been trading and see whether they explain the problem clearly before quoting. Redland Roofing Cardiff customers often mention being shown photos of the issue, quick next-day repairs and tidy, polite teams. A roofer who recommends a repair rather than an unnecessary replacement is usually a good sign. What questions should I ask my roofer before work starts? Ask what exactly is wrong and how they know, what the written quote includes, how long the job will take, whether they are insured and what guarantee you get. For a full re-roof, ask how the house will be kept dry overnight. Redland Roofing Cardiff leave roofs watertight at the end of every working day and give a clear timeline before starting. How long does a roof last in Wales? Welsh rain, coastal winds and freeze-thaw cycles all shorten roof life. A well-installed concrete or clay tile roof can last 40 to 60 years with maintenance, and good slate can outlast the building. Felt flat roofs tend to last 10 to 15 years, while EPDM rubber, which Redland Roofing Cardiff specialise in, can last 25 to 30 years or more. What usually causes a roof to leak? The most common culprits on Cardiff homes are slipped or missing tiles, cracked flashing around chimneys, blocked gutters, worn valleys and failed lead joints. On extensions and garages, flat roofs often leak where the surface has cracked or a joint has opened. Redland Roofing Cardiff trace the source first so you only pay to fix the

real problem. Do I need planning permission to replace my roof in Cardiff? A like-for-like replacement on a standard house usually falls under permitted development. In conservation areas such as Pontcanna, parts of Roath and Llandaff, on listed buildings, or if you are changing materials, you may need consent from Cardiff Council. Redland Roofing Cardiff can advise on this during the free assessment. How quickly can a roofer come out in an emergency? The aim is to get someone to you as quickly as possible and make the roof watertight. Call 07884 013048 at any time of day or night. How long does a full roof replacement take? Larger detached homes, such as many in Cyncoed and Lisvane, or roofs with complex shapes usually take 4 to 7 days. Redland Roofing Cardiff confirm the timeline in writing before work begins.
