Rain, wind and the occasional coastal storm all test the roofs of Grangetown. Much of the area is made up of Victorian roofing contractors Cardiff and Edwardian terraces with slate roofs and chimney stacks, and those roofs take the brunt of the wet climate and Atlantic winds that South East Wales knows so well. Redland Roofing Cardiff is an independent, family-run roofing business from South Wales that has served Cardiff and the surrounding region for over 30 years. For Grangetown homeowners who need roofers Cardiff people recommend, the team offers both repairs and full replacements. Roof repairs are often the first step. Slipped, broken or missing slates and tiles, cracked flashing around chimneys, failed lead work, blocked gutters and worn valleys are among the most common causes of leaks. As a rough guide from the business's own FAQ, minor repairs such as replacing a few broken tiles start from around £150 to £300, while more significant work like storm damage or flashing repairs can run from £300 to £800 or more. Every roof is different, so a free quote always gives the real figure for your Grangetown property. Sometimes a roof has simply reached the end of its life, and a replacement makes more sense than repeated patching. The team carries out tiled and slate roof replacements, from small terraces to larger homes. A full replacement on a standard Cardiff terrace typically takes two to four days, weather permitting, and the roof is left watertight at the end of each working day. Customers regularly mention John, who assesses the roof, explains the options clearly and shows photos so you can decide with confidence. The team also covers nearby Riverside, Butetown and Canton.
