- **Gameplay:** Inspired by the conventional Japanese arcade game, gamers are taken to a large Pachinko wall filled with pegs. The live host drops a puck from the top, and it bounces down randomly till it lands in among the slots at the bottom, each including a multiplier. If the puck lands on a "Double," all multipliers on the board double, and the puck is dropped once again.

3. Money Hunt

- **Frequency:** 2 segments on the wheel
- **Gameplay:** This is a shooting gallery-style interactive bonus offer round. A screen shows 108 random multipliers concealed behind various symbols (such as a cactus, a target, or a sheriff's hat). Gamers utilize a crosshair to pick one symbol before the timer runs out. As soon as time ends, all symbols reveal their concealed multipliers, and the player wins whatever multiplier they intended at.

4. Crazy Time

- **Frequency:** 1 sector on the wheel
- **Gameplay:** The supreme bonus round takes gamers behind a red door into a surreal, huge virtual world including an even larger perk wheel. Players need to choose among three flappers (Green, Blue, or Yellow). The host spins the wheel, and the player wins the multiplier where their picked flapper stops.
