What items are prohibited in a dumpster rental?

Common prohibited items in dumpster rentals include hazardous materials like batteries, chemicals, paint, and electronics. Dumpsters typically cannot hold refrigerators or any items that can be recycled. Always check with your rental provider for specific restrictions.

Do you need a permit for dumpster rental in Philadelphia?

In Philadelphia, a permit is usually required for dumpster rentals placed on public streets, sidewalks, or other city property. It's best to check with the Philadelphia Streets Department for specific regulations and to obtain any necessary permits before renting.

How do I choose the right dumpster size for my project?

Choosing the right dumpster size depends on the scope of your project. For small cleanouts, a 10 or 15-yard dumpster may suffice, while larger renovations might require a 20 or 30-yard option. It's helpful to consult with rental companies for recommendations based on your estimated waste volume.
