What Is a CS: GO Case Battle?

A case battle is a multiplayer format where 2 or more participants open the exact same set of CS: GO cases simultaneously. Each player gets the skins that drop from the cases, and the total value of the skins determines the winner. Some platforms also use "Jackpot" or "Royal" modes, where the last reward swimming pool is split among the leading 3 finishers.

The appeal depends on the social and competitive nature of the occasion. Instead of opening cases alone, players can see live streams, chat with competitors, and compare outcomes in actual time. The format has actually evolved from easy 1-vs-1 duels to large-scale tournaments with reward swimming pools that can reach several thousand dollars.

How Case Battles Work
