The Multiplier Curve

At the start of every round, there is a wagering window where players put their wagers. As soon as the round starts, a multiplier starts ticking up from 1.00 x. It can theoretically reach extremely high numbers, though it can also "crash" right away at 1.00 x, ending the round quickly.

The Cash-Out Options

Big Bass Crash provides gamers versatility in how they manage their threat throughout a round. The game features three unique cash-out modes:

1. **Manual Cash Out:** The player monitors the rising multiplier and clicks the "Cash Out" button whenever they feel satisfied with the existing payout.
2. **Automobile Cash Out:** Players can pre-set a specific multiplier threshold (e.g., 2.00 x or 5.00 x). If the game reaches that number, it automatically squanders the gamer's bet.
3. **50% Cash Out:** A special function enabling players to secure half of their earnings while leaving the other half in play to go after higher multipliers.
