

A knocked out tooth is one of the [emergency dentist near me](#) most urgent dental emergencies, and time is critical: Whites Dental Marble Arch advises contacting the practice immediately for the best chance of saving the tooth. If possible, the tooth should be handled by the crown only, rinsed gently without scrubbing, and either placed back in the socket or kept in milk while travelling to the practice. The practice's emergency dental service prioritises knocked out tooth cases given the narrow window in which reimplantation is most likely to succeed.

Whites Dental Marble Arch (W2) | 52B Kendal St, St George's Fields, London W2 2BP | 020 3576 2325
