Established by Evolution Gaming and released in 2020, this video game show-style release totally transformed how individuals see live dealer video gaming. Integrating the mechanics of a standard cash wheel with advanced augmented truth, RNG (Random Number Generation) components, and four distinct bonus rounds, Crazy Time is a powerhouse of entertainment.

This extensive guide checks out the mechanics, bonus games, techniques, and overall appeal of this casino phenomenon.

What is Crazy Time?

At its core, Crazy Time is a live dealer game show built around a massive, vertically installed spinning wheel. The video game is hosted by an energetic, live presenter who communicates with the audience in real-time. The studio itself is a visual work of art-- a dynamic, vibrant world that feels part-carnival, part-television video game show set.

Unlike basic table video games, Crazy Time needs no complex techniques or memorization of guidelines. Gamers just place a wager on where they think the flapper will stop on the wheel. Nevertheless, the inclusion of a Top Slot above the main wheel and 4 unique perk games adds layers of excitement and unpredictability.

The Anatomy of the Crazy Time Wheel

The 54-segment wheel functions numbers and bonus rounds. Understanding *Crazy Time Demo Casino* the layout of the wheel is the first step for any player wanting to dive into the action.

As seen in the table above, the lower-paying numbers (1 and 2) appear most regularly, while the benefit video games are much rarer, making them the supreme targets for players throughout a session.

The Top Slot Feature

Before every single spin of the primary wheel, a two-reel slot device positioned straight above the wheel-- referred to as the **Top Slot**-- spins at the same time.

- **Reel 1:** Displays among the wheel sectors (a number or a perk game).
- **Reel 2:** Displays a multiplier worth (varying from 2x approximately 50x).

If the symbol on the first reel aligns horizontally with the multiplier on the 2nd reel, that multiplier is used to the corresponding segment for that spin. If the primary wheel arrive on that particular sector, any wins or bonus offer round payments are instantly enhanced by the multiplier. This feature can lead to huge win potentials, specifically when integrated with the video game's high-tier benefit rounds.

Dive Into the Four Crazy Time Bonus Rounds

The primary attraction of Crazy Time is unquestionably its four bonus offer rounds. Triggered when the wheel stops on their particular sections, these mini-games transport gamers far from the main wheel into immersive, interactive increased truth worlds.

1. Coin Flip

The simplest of the 4 benefit rounds. A coin with a red side and a blue side is flipped by a mechanical flippers or the speaker.

- Each side is assigned a random multiplier before the flip.
- Gamers win the multiplier connected with whichever color faces up when the coin lands.
- If multipliers are low, a "Rescue Flip" can in some cases be activated, providing players a 2nd opportunity at greater values.

2. Cash Hunt

This benefit round is a virtual shooting gallery showed on a massive screen including 108 random multipliers.

- The multipliers are concealed behind numerous signs (like a cactus, a target, a chef's hat, and so on).
- Gamers utilize a crosshair to aim and shoot at one selected symbol before the timer goes out.
- When time expires, the covert multipliers are revealed, and gamers receive the multiplier attached to their chosen spot.

3. Pachinko

Motivated by the conventional Japanese arcade game, Pachinko features a glowing wall filled with pegs.

- The speaker drops a puck from the top of the board.
- The puck bounces randomly down through the pegs till it lands in one of the multiplier zones at the bottom.
- If the puck arrive at a "DOUBLE" value, all multipliers at the bottom of the board double, and the puck is dropped again, raising the stakes significantly.

4. Crazy Time

The holy grail of the video game. When set off, the host opens a red door that leads into a lively, surreal virtual world featuring an enormous, 64-segment mega wheel.

- Gamers need to pick one of 3 flappers: **Green**, **Blue**, or **Yellow**.
- The host spins the wheel, and whichever sector the chosen flapper points to is the winner.
- Sectors include multipliers in addition to **DOUBLE** and **TRIPLE** worths. If a flapper hits a double or triple, all multipliers on the wheel are multiplied accordingly, and the wheel spins once again. This can result in huge payments, capping out at a maximum win of 20,000 x the gamer's stake.
