What is Google Business Profile (GBP)?

Google Business Profile (GBP) is a free tool that allows businesses to create and manage their online presence across Google platforms, including Search and Maps. By providing essential information such as business hours, location, contact details, and services offered, businesses can engage directly with potential customers. The primary goal of a GBP is to ensure that whenever someone searches for your business or related keywords, they find accurate information quickly.

The Significance of GBP for Local Businesses

Local businesses thrive when they can connect effectively with their community. Here's why understanding GBP's importance is crucial:
