Smashing Stereotypes: The Glass Ceiling and the Duty of Women Glaziers

At Smashing Stereotypes, we are proud to be damaging obstacles and defying typical gender duties in the field of glazing. For much too long, the glass ceiling has limited chances for women in numerous careers, including glazing. Nevertheless, our team of competent women glaziers proves that when given level playing fields, females can master any type of industry.

What is the Glass Ceiling?

The term "glass ceiling" refers to the unseen barrier that stops women from advancing to higher settings in their careers, typically in male-dominated markets. While substantial development has actually been made in recent years to get rid of gender bias, there are still sectors where stereotypes continue and prevent females's progress.

One such industry is polishing, which generally involves the installation and fixing of glass in different frameworks. In spite of the physical demands and technical abilities called for, women glaziers have been marginalized and significantly underrepresented in the occupation. Nonetheless, at Ruining Stereotypes, we are altering the story by providing opportunities for skilled women to prosper in the glazing market.
